

**Poster Contest for DOI Safety Week,
April 4 - 8, 2005
Theme: “Always Alert – Nobody Hurt”**

To promote safety awareness in DOI, a poster contest will be jointly sponsored by the safety committees of the Utah State Office of the Bureau of Land Management and the Upper Colorado Regional Office of the Bureau of Reclamation.

Posters may be submitted by employees of any sponsoring office, or employees’ family members.

Posters will be judged by a review committee selected by the sponsoring offices.

The posters must be related to safety, and will be judged more favorably if they recognize the Department’s theme for Safety Week this year which is “Always Alert—Nobody Hurt”

Twelve winners will be selected; the winning posters will be made into a calendar which will be distributed among the employees of the sponsoring offices. The twelve month calendar will run April 2005 through March 2006.

Winners will be presented with a prize of nominal value at a recognition ceremony during the week of April 4.

All entries must be received by March 30. Entries should be submitted to the BLM State or BOR Regional Safety Manager.

Posters can be color, black and white, hand drawn, or computer generated (.jpg or .gif format preferred but not required), but must be original art. Poems will also be accepted. The size limit for submissions is 9” x 12”. Entries must be in landscape format to fit into the calendar.
